

Daymap Connect

Daymap Connect is an extension of the Daymap Learning Management System. It is a Parent Portal, and combines communication and student management, by providing parents with access to key school and student information on their child's learning behaviour, progress and performance.

Accessing Daymap Connect

Daymap Connect can be accessed using a login and password per parent (with the option to provide multiple logins). The easy-to-use system allows parents to create and manage their own accounts for Daymap Connect, and enables them to access details for all of their children enrolled in the school, anywhere and anytime.

The Daymap Connect **log in screen** is shown below. This can be found by using URL address: <http://daymap.shc.vic.edu.au/DaymapConnect>
